32 IT IS HEREBY ORDERED as follows:

- 33 1. An entity is eligible to become an Opt-In Settling Defendant under the terms of the
34 proposed Amended Consent Judgment attached hereto as Exhibit 1 if it (a) is a “person in the
35

1 course of doing business” as that term is defined in California Health and Safety Code
2 §25249.11(b); and (b) manufactures or purchases one or more Covered Products (as defined in
3 Section 3.3 of the Amended Consent Judgment) that the entity knows or has reason to believe
4 may be sold or offered for sale in the State of California, or has done so in the past.

5 2. No later than July 10, 2024, an entity that wishes to become an Opt-In Settling
6 Defendant shall provide to CEH’s Counsel, with a copy to Defense Liaison Counsel, each of the
7 following:

- 8 (a) its Notice of Intent to Opt In to Consent Judgment (“Notice of Intent”) in
9 the form attached hereto as Exhibit 2;
- 10 (b) all payments required by Section 7 and Exhibit A of the Amended Consent

16 CEH shall have the right to reject any Notice of Intent based on the identification or grouping of
17 entities identified as Opt-In Settling Defendants or the sufficiency of the information provided, in
18 which case CEH shall promptly return any funds received with such Notice of Intent.

19 3. No later than August 9, 2024, to the extent it has not already done so, CEH shall
20 serve a 60-Day Notice of Violation of Proposition 65 pursuant to California Health and Safety
21 Code §25249.7(d)(1) relating to chromium (hexavalent compounds) (“CrVI”) in designated
22 Covered Products upon each entity that has properly notified CEH of its intent to opt into the
23 Consent Judgment and provided sufficient factual information to support the Notice of Violation.

24 4. No later than August 24, 2024, and assuming it has received at least one notice of
25 intent to opt in, CEH shall file a noticed motion for approval of a proposed Amended Consent
26 Judgment in the form attached hereto as Exhibit 1. The Amended Consent Judgment filed with
27 the Court may only differ from the attached Exhibit 1 in that it will (a) attach the Opt-In Settling
28 Defendants’ signature pages; (b) allocate the Opt-In Settling Defendants’ payments in Exhibit A

1 depending on the number of Opt-In Settling Defendants, CEH's unrecouped attorneys' fees and
2 costs, each Opt-In Settling Defendant's California unit sales of Covered Products, and whether
3 that Opt-In Settling Defendant owes an initial appearance fee to the Court; (c) add the type of
4 Covered Products and the other information required for each Opt-In Settling Defendant to
5 Exhibit A; and (d) include any other changes that are necessary to effectuate the intent of the
6 parties. CEH may use the Initial Settling Defendants' signatures on the Consent Judgment as
7 their signatures on the Amended Consent Judgment.

8 5. The motion for approval of the Amended Consent Judgment shall be set for
9 hearing at least 60 days after CEH serves the last 60-Day Notice of Violation of Proposition 65
10 regarding CrVI in Covered Products on the Opt-In Settling Defendants.

11 6. CEH is hereby granted leave to amend the applicable operative complaint(s) in this
12 and/or any consolidated and/or related actions as necessary to name each Opt-In Settling
13 Defendant as a party with respect to each type of Covered Product that Opt-In Settling Defendant
14 designates in its Notice of Intent.

15 7. For any Opt-In Settling Defendant that is not already named as a defendant in one
16 of the consolidated actions, CEH is hereby granted leave to (a) file a Stipulation to Consent to
17 General Jurisdiction signed by each Opt-In Settling Defendant, which shall constitute a general
18 appearance as to each; and (b) pay a \$435 appearance fee for each case to which the Opt-In

24 9. Nothing in this Order or the Consent Judgment shall preclude CEH from resolving
25 any claim against an entity that is not an Initial Settling Defendant or Opt-In Settling Defendant
26 on different terms than are contained in the Consent Judgment or the Amended Consent
27 Judgment.

28 10. Except as specifically stated herein, nothing in this Order shall modify or in any

1 way affect the rights or obligations of the Initial Settling Defendants and CEH as set forth in the

Lead Case No. RG 19-029736

[Consolidated with Case No. RG 19-034870]

[PROPOSED] AMENDED CONSENT JUDGMENT

Actions Filed: August 2, 2019 (RG 19-029736); September 12, 2019 (RG 19-034870)

1 This Amended Consent Judgment supersedes the original Consent Judgment entered in
2 these consolidated cases on February 21, 2024, and is entered by the Court pursuant to the Order
3 Approving Opt-In Procedure and Future Amendment of Consent Judgment, filed and entered on
4 February 21, 2024. This Amended Consent Judgment reflects the addition of parties as Opt-In
5 Settling Defendants.

6 **1. INTRODUCTION**

7 1.1 The Parties to this Amended Consent Judgment are the Center for Environmental
8 Health, a California non-profit corporation (“CEH”), and each of the Defendants listed on Exhibit
9 A (“Settling Defendants”). CEH and each Settling Defendant are referred to herein together as
10 the “Parties” or singly as a “Party.”

11 1.2 The Parties enter into this Amended Consent Judgment without a trial. Nothing in
12 this Amended Consent Judgment constitutes an admission by any Party regarding any issue of
13 law or fact. This Amended Consent Judgment sets forth the agreement and obligations of Settling
14 Defendants and CEH and, except as specifically provided below, it constitutes the complete, final,
15 and exclusive agreement among the Parties and supersedes any prior agreements among the
16 Parties.

17 **2. PROCEDURAL BACKGROUND, JURISDICTION, AND PURPOSE**

18 2.1 Commencing on April 15, 2019, CEH issued a series of 60-day Notices of
19 Violation under Health & Safety Code §25249.5 *et seq.* (“Proposition 65”) to each of the Settling
20 Defendants, the California Attorney General, the District Attorneys of every county in California,
21 and the City Attorneys of every California city with a population greater than 750,000, alleging
22 that Settling Defendants violated Proposition 65 by exposing persons to CrVI (defined in Section
23 3.4 below) from various types of gloves made with leather materials without first providing a
24 clear and reasonable Proposition 65 warning.

25 2.2 Commencing on July 2, 2019, CEH issued a series of 60-day Notices of Violation
26 under Proposition 65 to each of the Settling Defendants, the California Attorney General, the
27 District Attorneys of every county in California, and the City Attorneys of every California city
28 with a population greater than 750,000, alleging that Settling Defendants violated Proposition 65

1 by exposing persons to CrVI from footwear made with leather materials without first providing a
2 clear and reasonable Proposition 65 warning.

3 2.3 On August 2, 2019, CEH filed the original Complaint in the above-captioned *CEH*
4 *v. Bali* matter. On May 19, 2022, CEH filed the operative First Amended Complaint in the *CEH*
5 *v. Bali* matter (the “*Bali* Complaint”). On September 12, 2019, CEH filed the original Complaint
6 in the above-captioned *CEH v. Tommy Bahama* matter, which was subsequently amended. On
7 May 19, 2022, CEH filed the operative Third Amended Complaint in the *CEH v. Tommy Bahama*
8 matter (the “*Tommy Bahama* Complaint”). The *Bali* Complaint and the *Tommy Bahama*
9 Complaint are together referred to herein as the “Complaints.” The *CEH v. Bali* and *CEH v.*
10 *Tommy Bahama* consolidated matters are referred to herein as the “Actions.”

11 2.4 Each Settling Defendant is a business entity that is also a person in the course of
12 doing business as such term is defined under Proposition 65.

13 2.5 For purposes of this Amended Consent Judgment only, CEH and the Settling
14 Defendants stipulate that: (a) this Court has jurisdiction over the allegations of violations
15 contained in the Complaints; (b) this Court has personal jurisdiction over Settling Defendants as
16 to the acts alleged in those Complaints, (c) venue is proper in Alameda County; and (d) this Court
17 has jurisdiction to enter this Amended Consent Judgment as a full and final resolution of all
18 claims which were or could have been raised in the Complaints based on the facts alleged therein.

19 2.6 Settling Defendants and CEH agree not to challenge or object to entry of this
20 Amended Consent Judgment by the Court. The Parties agree not to challenge this Court’s
21 jurisdiction to enforce the terms of this Judgment once it has been entered, and agree that this
22 Court maintains jurisdiction over this Judgment for that purpose, unless the Amended Consent
23 Judgment is terminated.

24 2.7 By execution of this Amended Consent Judgment and agreeing to provide the
25 relief and remedies specified herein, Settling Defendants do not admit any violations of
26 Proposition 65 or any other law or legal duty. Each Settling Defendant expressly denies any
27 liability for any of the claims asserted and the facts alleged in the Complaints and the CEH
28 Notices of Violation. Nothing in this Amended Consent Judgment is intended to be an admission

1 of any issue of law or fact. This Amended Consent Judgment is the product of negotiation and
2 compromise and is accepted by the Parties solely for the purpose of settling, compromising, and
3 resolving issues disputed in the Actions.

4 **3. DEFINITIONS**

9 Audit Protocol P7.2.2 (or any subsequent higher version that is in force at the time of
10 certification), or has attained a Gold medal rating in the section “Restricted Substances,
11 Compliance & Chromium VI Management” (or any subsequent section or sections regarding
12 CrVI management) (“LWG Certification”).

13 3.2 “Chrome-Tanned Leather” means leather, other than Exotic Leather, tanned with
14 chromium compounds.

15 3.3 “Covered Products” means:

16 3.3.1 Footwear for which normal and foreseeable use will result in one or more
17 Chrome-Tanned Leather components coming into direct contact with the skin of the average
18 user’s foot or leg while the footwear is worn (*e.g.*, a Chrome-Tanned Leather insole, tongue, liner,
19 unlined upper, or strap);

20 3.3.2 Gloves for which normal and foreseeable use will result in one or more
21 Chrome-Tanned Leather components coming into direct contact with the skin of the average
22 user’s hand while the gloves are worn (*e.g.*, an unlined glove, or one that is lined with Chrome-
23 Tanned Leather);

24 3.3.3 The definition of Covered Products as applied to each specific Settling
25 Defendant may be further modified as set forth on Exhibit A for that Settling Defendant (*e.g.*, the
26 specific type or category of leather glove covered by the injunctive terms of this Amended
27 Consent Judgment for a particular Settling Defendant).

28

1 3.4 “CrVI” means chromium (hexavalent compounds), a chemical listed under
2 Proposition 65 as a known carcinogen and reproductive toxicant.

3 3.5 “Effective Date” means: (i) as to Initial Settling Defendants, February 21, 2024; or
4 (ii) as to Opt-In Settling Defendants, the date on which this Amended Consent Judgment is
5 entered by the Court.

6 3.6 “Exotic Leather” means leather that is made from hides of exotic animals such as
7 alligators, crocodiles, sharks, lizards, snakes, and ostriches.

8 3.7 “Final Compliance Date” means the earlier of the date twenty-four (24) months
9 after the Effective Date or December 31, 2025.

10 3.8 “Initial Compliance Date” means one (1) year after the Effective Date.

11 3.9 “Initial Settling Defendants” means the defendants that were party to the original
12 Consent Judgment entered in these consolidated cases on February 21, 2024.

13 3.10 “Interim Compliance Date” means six (6) months prior to the Final Compliance
14 Date.

15 3.11 “Opt-In Settling Defendants” means the defendants that joined this Amended
16 Consent Judgment pursuant to procedure established in the Order Approving Opt-In Procedure
17 and Future Amendment of Consent Judgment, entered on February 21, 2024.

26 Product is being worn.

27
28

1 3.16 “Supplier” means an entity from which a Settling Defendant purchases or acquires
2 Covered Products or Chrome-Tanned Leather components used to manufacture Covered
3 Products.

4 **4. FACTUAL BACKGROUND**

5 4.1 Chromium exists in different valence states. One of those states is CrVI and
6 another is trivalent chromium, which is also known as CrIII. Neither elemental chromium nor
7 CrIII is a listed chemical under Proposition 65.

8 4.2 Chromium tanning is a process of preserving hides that uses CrIII compounds.
9 CrVI is not intentionally added to leather in the tanning process.

10 4.3 The valence state of chromium is unstable in nature. For example, CrIII will under
11 certain environmental conditions oxidize into CrVI. Likewise, CrVI will under certain
12 environmental conditions reduce into CrIII.

13 4.4 The process by which CrIII turns into CrVI is called oxidation. Certain chemicals
14 called antioxidants prevent or inhibit the oxidation process of chromium. Antioxidants can thus
15 prevent the formation of CrVI in or on the surface of the leather.

16 4.5 Environmental conditions that affect the oxidation and reduction of chromium
17 between CrIII and CrVI include temperature, humidity, and pH.

18 4.6 The Reformulation Protocol requires tanneries to take steps to minimize the
19 potential introduction of CrVI to leather during the tanning process for Chrome-Tanned Leather
20 and to use antioxidants that are baked into the hides during the tanning process. If a tannery
21 follows the Reformulation Protocol, the antioxidants will prevent or inhibit the oxidation process
22 such that there will not likely be detectable CrVI on the surface of the leather.

23 **5. INJUNCTIVE RELIEF**

24 5.1 **Notice to Suppliers.**

25 5.1.1 To the extent any Settling Defendant has not already done so, no more than
26 sixty (60) days after the Effective Date, each Settling Defendant shall provide notice to each of its
27 current Suppliers that all Chrome-Tanned Leather used to manufacture Skin Contact Components
28 of Covered Products manufactured, distributed, or sold by the Settling Defendant must be

1 Reformulated Leather. The notice shall request that (a) any Supplier of Chrome-Tanned Leather
2 that is a tannery used to manufacture Skin Contact Components provide to the Settling Defendant
3 either (i) a certification in the form of Exhibit B, or (ii) an LWG Certification; (b) any Supplier of
4 Chrome-Tanned Leather or finished product that is not a tannery obtain from its supplier(s) of
5 Chrome-Tanned Leather used to manufacture Skin Contact Components of Covered Products
6 either (i) a certification in the form of Exhibit B, or (ii) an LWG Certification; and (c) all
7 Suppliers retain certifications for Chrome-Tanned Leather for a period of at least five (5) years
8 and, to the extent not already provided, produce them upon written request of the Settling
9 Defendant.

10 5.1.2 Prior to or coincident with ordering any Skin Contact Components or
11 Covered Products from a new Supplier or a Supplier who has not received a notice from the
12 Settling Defendant under Section 5.1.1 within five (5) years of the date of such order, a Settling
13 Defendant shall provide a notice to such Supplier, consistent with Section 5.1.1.

14 5.1.3 Any written notice sent pursuant to this Section shall include the written
15 Tannery Certification and Reformulation Protocol set forth in Exhibits B and C. The written
16 notice attached hereto as Exhibit D is deemed to comply with the requirements of this Section.

17 5.2 **Reformulation.**

18 5.2.1 **Phased Compliance Timeline.**

19 5.2.1.1 After the Initial Compliance Date, each Settling Defendant shall
20 ensure that all of the Chrome-Tanned Leather used to manufacture Skin Contact Components of
21 at least fifty percent (50%) of Covered Products purchased or manufactured by Settling
22 Defendant that a Settling Defendant knows or has reason to believe may be sold or offered for
23 sale in California by Settling Defendant or any entity downstream of Settling Defendant is
24 Reformulated Leather.

25 5.2.1.2 After the Interim Compliance Date, each Settling Defendant
26 shall ensure that all of the Chrome-Tanned Leather used to manufacture Skin Contact
27 Components of at least seventy-five percent (75%) of Covered Products purchased or
28 manufactured by Settling Defendant that a Settling Defendant knows or has reason to believe may

1 be sold or offered for sale in California by Settling Defendant or any entity downstream of
2 Settling Defendant is Reformulated Leather.

3 5.2.1.3 After the Final Compliance Date, and subject to Section 5.3,
4 each Settling Defendant shall ensure that all of the Chrome-Tanned Leather used to manufacture
5 Skin Contact Components of Covered Products purchased or manufactured by Settling Defendant
6 that a Settling Defendant knows or has reason to believe may be sold or offered for sale in
7 California by Settling Defendant or any entity downstream of Settling Defendant is Reformulated
8 Leather.

9 5.2.1.4 A Settling Defendant's compliance with this Section 5.2.1 shall
10 be determined by the number of styles of Covered Products that contain only Skin Contact
11 Components supplied by a Certified Tannery divided by the total number of styles of Covered
12 Products. A Settling Defendant shall be entitled to rely on Supplier certifications to demonstrate
13 compliance with this Section 5.2.1.

14 5.2.2 If a Settling Defendant is unable to comply with the requirements of
15 Section 5.2.1 for either the Initial Compliance Date or the Interim Compliance Date, then within
16 thirty (30) days of such date, as applicable, it shall serve on CEH a report detailing the extent of
17 its compliance with such requirement, and the circumstances that prevented compliance with such
18 requirement.

19 5.3 **Warnings.** After the Final Compliance Date, a Settling Defendant may utilize
20 Skin Contact Components that were not supplied by a Certified Tannery, but only as set forth in
21 this Section. If a Settling Defendant makes a determination that it is not "feasible" to obtain Skin
22 Contact Components from a Certified Tannery, it may proceed under this Section for such
23 Covered Product.

24 5.3.1 The term "feasible" includes, but is not limited to, consideration of the
25 following factors:

26 5.3.1.1 the availability of Chrome-Tanned Leather from Certified
27 Tanneries;

28

1 5.3.1.2 the cost of Chrome-Tanned Leather and resulting increase in
2 manufacturers' prices resulting from the use of leather from Certified Tanneries, which factor
3 includes the geographic proximity of the factory producing the Covered Product and any Certified
4 Tannery that can produce the leather used in the Covered Product; and

5 5.3.1.3 the availability, cost, and performance and aesthetic
6 characteristics of non-Chrome-Tanned Leather that could substitute for Chrome-Tanned Leather
7 in Skin Contact Components of Covered Products;

8 5.3.2 No Settling Defendant may sell a Covered Product that such Settling
9 Defendant knows or has reason to believe may be sold or offered for sale in California by Settling
10 Defendant or any entity downstream of Settling Defendant for which it has made a determination
11 that is not "feasible" to obtain Skin Contact Components from a Certified Tannery unless such
12 Covered Product is labeled with a Clear and Reasonable Warning.

13 5.3.2.1 A Clear and Reasonable Warning under this Amended Consent
14 Judgment shall state:

15 **WARNING:** This product can expose you to chemicals including hexavalent
16 chromium, which is known to the State of California to cause cancer and birth
17 defects or other reproductive harm. For more information go to
18 www.P65Warnings.ca.gov.

19 The word "**WARNING**" shall be displayed in all capital letters and bold print and shall be
20 preceded by the yellow warning triangle symbol depicted above, provided however, the symbol
21 may be printed in black and white if the Covered Product label is produced without using the
22 color yellow. This warning statement shall be prominently displayed on the outer packaging or
23 tag of the Covered Product and shall be displayed with such conspicuousness, as compared with
24 other words, statements, or designs, as to render it likely to be seen, read, and understood by an
25 ordinary individual prior to sale. Where a sign or label used to provide a warning includes
26 consumer information about a product in a language other than English, the warning shall also be
27 provided in that language in addition to English.
28

1 5.3.2.2 For online and catalog sales, any Settling Defendant that
2 provides warnings pursuant to this Section shall (i) ensure that Clear and Reasonable Warnings
3 under Section 5.3.2 are provided for Covered Products that the Settling Defendant sells online to
4 consumers in California, and (ii) provide the warning language required in Section 5.3.2.1 to any
5 customers whom it knows or has reason to believe are offering the Settling Defendants' Covered
6 Products for which a warning is required for sale online to consumers in California. Settling
7 Defendants shall also revise any product catalogs printed after the Final Compliance Date to
8 include the warning language required in Section 5.3.2.1 for each Covered Product identified in
9 the catalog that requires a Clear and Reasonable Warning pursuant to this Section. For internet,
10 catalog, or any other sale where the consumer is not physically present, the warning statement
11 shall be displayed in such a manner that it is likely to be read and understood by an ordinary
12 individual prior to the authorization of or actual payment.

13 5.3.3 Any Settling Defendant that provides a warning pursuant to the feasibility
14 option of this Section shall provide a detailed written report to CEH within forty-five (45) days of
15 the end of each calendar year regarding the use of the feasibility warnings, the units covered, and
16 the specific factual basis for the feasibility finding. This reporting obligation shall terminate five
17 (5) years after the Effective Date.

18 5.3.4 No Settling Defendant may make use of the feasibility warnings set forth in
19 this Section on more than the Allowed Warning Percentage of the styles of Covered Products
20 shipped to California or to customers which the Settling Defendant knows or has reason to
21 believe will offer for sale to customers in California in any particular year. The "Allowed
22 Warning Percentage" shall be thirty-three percent (33%) in the first and second years after the
23 Final Compliance Date, seventeen percent (17%) in the third year after the Final Compliance
24 Date, and five percent (5%) thereafter.

25 5.4 **Document Retention Requirements.** All certifications, Supplier notifications,
26 feasibility documents, and other documents referenced in this Section 5 shall be retained by each
27 Settling Defendant for four (4) years from the date of creation and made available to CEH upon
28

1 written request not more than once per calendar year, commencing on the Final Compliance Date
2 until the seventh (7th) anniversary of the Effective Date.

3 **6. ENFORCEMENT**

4 **6.1 Enforcement Procedures.** Any Party or any of the public entities identified in
5 Health & Safety Code section 25249.7(c) (collectively, “Enforcers”) may, by motion or
6 application for an order to show cause before this Court, seek to enforce the terms of this Consent
7 Judgment. Prior to filing any such motion or application, the Enforcer(s) shall provide the
8 allegedly violating Party with a written notice setting forth the detailed factual and legal basis for
9 the alleged violation along with any evidentiary support for the alleged violation (“Notice of
10 Violation”). The Enforcer(s) and the allegedly violating Party shall then meet and confer during
11 the thirty (30) day period following the date the Notice of Violation was sent in an effort to try to
12 reach agreement on an appropriate cure, penalty, or related attorneys’ fees related to the alleged
13 violation. After such thirty (30) day period, the Enforcer(s) may, by motion or application for an
14 order to show cause before the Superior Court of Alameda, seek to enforce the terms and
15 conditions contained in this Consent Judgment. Nothing in this Section 6.1 shall impact the
16 Court’s authority in an enforcement proceeding to impose appropriate remedies, including the
17 provision of a clear and reasonable warning.

18 **6.2 Notice of Violation Regarding Failure to Comply with Section 5.2.**

19 **6.2.1** If an Enforcer serves a Notice of Violation that alleges a violation of the
20 reformulation requirements set forth in Section 5.2, it shall identify the Covered Product and the
21 Skin Contact Components that the Enforcer contends were not produced by a Certified Tannery
22 pursuant to the Reformulation Protocol, along with the evidentiary support for such claim.

23 **6.2.2** A Settling Defendant shall serve its response to a Notice of Violation
24 served under Section 6.2.1 within thirty (30) days of receipt of the Notice, unless extended by
25 agreement. The response shall include any certification and documentation sufficient to
26 demonstrate that the Skin Contact Components of the Covered Product that were the subject of
27 the Notice of Violation were produced by a Certified Tannery.

28

1 6.2.2.1 If the Settling Defendant's response demonstrates that: (a) the
2 Skin Contact Components identified in the Notice were produced by a tannery that was a
3 Certified Tannery at the time of production; or (b) the Notice of Violation identifies the same
4 Covered Product or Covered Products differing only in size that have been the subject of another
5 Notice of Violation within the preceding twelve (12) months, the Enforcer shall take no further
6 action. If the Enforcer contends that the Settling Defendant's response does not satisfy the
7 provisions of this Section, the Enforcer shall within thirty (30) days of receipt of Defendant's
8 response notify the Settling Defendant of the basis for its contention, the Notice shall be deemed
9 contested, and the Parties shall proceed under Section 6.2.4.

10 6.2.2.2 If the Settling Defendant does not serve a response within thirty
11 (30) days of receipt of the Notice, it shall be deemed to contest the Notice and the Parties shall
12 proceed under Section 6.2.4.

13 6.2.3 If the Settling Defendant elects not to contest a Notice of Violation served
14 under Section 6.2.1, the Settling Defendant shall do the following:

15 6.2.3.1 For the first Notice of Violation served on a particular Setting
16 Defendant, within fourteen (14) days after serving its response to the Notice of Violation, the
17 Settling Defendant shall take corrective action consisting of: (a) providing the Enforcer with
18 documentation sufficient to determine the certification status of Covered Products sold for the
19 two (2) years prior to the date of the Notice of Violation; and (b) pay the Enforcer \$5,000 as
20 reimbursement of fees, costs, and expenses involved in investigating and producing the Notice of
21 Violation and reviewing and monitoring compliance by such Settling Defendant in the future.

22 6.2.3.2 For Notices of Violation served on a particular Settling
23 Defendant after the first uncontested Notice of Violation, within ninety (90) days after serving its
24 response to the Notice of Violation, the Settling Defendant shall either:

25 (a) withdraw the Covered Product from sale in California and
26 direct customers to withdraw the Covered Product from sale in California; or

27
28

1 (b) provide a clear and reasonable warning pursuant to Section
2 5.3.2 for Covered Products sold by the Settling Defendant in California and instruct any
3 customers to provide such warning.

4 No later than fourteen (14) days after serving its response to the Notice of Violation, the Settling
5 Defendant shall pay the Enforcer \$10,000 as reimbursement of fees, costs, and expenses involved
6 in investigating and producing the Notice of Violation and reviewing and monitoring compliance
7 by such Settling Defendant in the future.

8 6.2.4 If any dispute arises relating to the sufficiency of any information provided
9 by an Enforcer or a Settling Defendant pursuant to this Section 6.2, or if the Settling Defendant
10 elects to contest a Notice of Violation, the Parties shall meet and confer as required by Section 6.1
11 before filing any motion, application, or request for an order with the court. A Settling Defendant
12 may at any time during the meet and confer process and prior to the Enforcer filing any motion,
13 application, or request for an order with the court, notify the Enforcer that the Settling Defendant
14 no longer contests the Notice and that the Settling Defendant elects to proceed pursuant to Section
15 6.2.3.

15 7.5 Each Settling Defendant shall pay the amount set forth in Exhibit A for that
16 Settling Defendant as an ASP to CEH pursuant to Health & Safety Code §25249.7(b), and
17 California Code of Regulations, Title 11, §3204. CEH will use these funds to support CEH
18 programs and activities that seek to educate the public about toxic chemicals, including hormone
19 disruptors such as hexavalent chromium, work with industries interested in moving toward safer
20 alternatives, advocate with government, businesses, and communities for business practices that
21 are safe for human health and the environment, and thereby reduce the public health impacts and
22 risks of exposure to hexavalent chromium and other toxic chemicals in consumer products sold in
23 California. CEH shall obtain and maintain adequate records to document that ASPs are spent on
24 these activities and CEH agrees to provide such documentation to the Attorney General within

8 reimbursement shall be made in two separate checks in the amounts set forth on Exhibit A for that
9 Settling Defendant as follows: (a) a check payable to the Lexington Law Group, LLP and
10 associated with taxpayer identification number 88-4399775; and (b) a check payable to the Center
11 for Environmental Health and associated with taxpayer identification number 94-3251981. Both
12 of these payments shall be delivered to Lexington Law Group, 503 Divisadero Street, San
13 Francisco, CA 94117.

14 7.6.2 For each Opt-In Settling Defendant, the single settlement payment shall be

16 fees and cost reimbursement portion shall be delivered by Counsel for CEH to CEH.

17 7.7 For any Opt-In Settling Defendant that owes an initial appearance fee in an Action,
18 the single settlement payment shall be apportioned as set forth in Exhibit A for that Opt-In
19 Settling Defendant and the appearance fee portion shall be delivered by Counsel for CEH to the
20 Court.

21 **8. MODIFICATION OF CONSENT JUDGMENT AND TERMINATION OF**
22 **INJUNCTIVE RELIEF**

23 8.1 **Modification.** This Amended Consent Judgment may be modified from time to
24 time by express written agreement of the Parties to which any such modification would apply,
25 with the approval of the Court, or by an order of this Court upon motion and in accordance with
26 law.

27 8.2 **Force Majeure.** The inability of a Settling Defendant to comply with any
28 deadline set forth in this Amended Consent Judgment due to an act of terrorism, fire, earthquake,

1 civil disorders, war, or act of God that is beyond the reasonable control of such Settling
2 Defendant shall be grounds to move for modification of the deadlines set forth in this Amended
3 Consent Judgment.

4 **8.3 Most Favored Nations Provision.** If, after the Effective Date, a court enters
5 judgment in the Actions or another Proposition 65 enforcement action brought by CEH over
6 exposure to CrVI in Covered Products that imposes different injunctive relief from that set forth
7 in this Amended Consent Judgment, a Settling Defendant may seek to modify Section 5 of this
8 Amended Consent Judgment to conform with the injunctive relief provided in such later
9 judgment.

10 **8.4 Termination of Injunctive Relief.**

11 8.4.1 If, after the Effective Date, a court enters judgment in the Actions or
12 another Proposition 65 enforcement action brought by CEH over exposure to CrVI in leather
13 gloves or footwear that denies a request for injunctive relief on the grounds that (a) CEH has not
14 shown an exposure to CrVI from Chrome-Tanned Leather, or (b) the defendant has demonstrated
15 that any exposure to CrVI from Chrome-Tanned Leather is exempt from the Proposition 65
16 warning requirement under Health & Safety Code §25249.10(c), a Settling Defendant may seek
17 to terminate the injunctive relief in Section 5 of this Amended Consent Judgment as to that
18 Settling Defendant.

19 8.4.2 Commencing on the fifth (5th) anniversary of the Effective Date and upon
20 the provision of thirty (30) days advanced written notice to CEH and the Court, a Settling
21 Defendant may terminate the injunctive relief in Section 5 of this Amended Consent Judgment as
22 to that Settling Defendant. Upon any such termination, the provisions of Section 9.3 shall no
23 longer apply to such Settling Defendant.

24 **8.5 Notice; Meet and Confer.** Any Party seeking to modify this Amended Consent
25 Judgment or terminate it pursuant to Section 8.4.1 shall attempt in good faith to meet and confer
26 with all affected Parties prior to filing a motion to modify the Amended Consent Judgment.

27
28

1 **9. CLAIMS COVERED AND RELEASE**

2 9.1 The Parties enter into this Amended Consent Judgment as a full and final
3 settlement of all claims arising under Proposition 65 relating to alleged exposure to CrVI from
4 footwear and/or gloves made with Chrome-Tanned Leather components as further specified on
5 Exhibit A for each Settling Defendant (“Released Products”), and as to all claims pursuant to
6 Health and Safety Code §25249.7(d) that were raised or could have been raised in the CEH 60-
7 Day Notices or Complaints, arising from the failure to warn under Proposition 65 regarding the
8 presence of CrVI in such Released Products. Provided that a Settling Defendant has complied
9 with Section 7 hereof, this Amended Consent Judgment is a full, final, and binding resolution
10 between CEH on behalf of itself and the public interest and such Settling Defendant and its
11 parents, subsidiaries, affiliated entities that are under common ownership, directors, officers,
12 employees, agents, shareholders, successors, assigns, and attorneys (“Defendant Releasees”), and
13 all entities to which such Settling Defendant directly or indirectly distributes or sells Released
14 Products, including but not limited to its distributors, wholesalers, customers, retailers,
15 franchisees, licensors, and licensees (“Downstream Defendant Releasees”), of any violation of
16 Proposition 65 based on failure to warn about alleged exposure to CrVI contained in Released
17 Products that were manufactured, distributed, sold, or offered for sale by a Settling Defendant
18 prior to the Final Compliance Date.

19 9.2 Provided that a Settling Defendant has complied with Section 7 hereof, CEH, for
20 itself and its agents, successors, and assigns, releases, waives, and forever discharges any and all
21 claims against such Settling Defendant, its Defendant Releasees, and its Downstream Defendant
22 Releasees arising from any violation of Proposition 65 or any other statutory or common law
23 claims that have been or could have been asserted by CEH regarding the failure to warn about
24 exposure to CrVI arising in connection with Released Products manufactured, distributed, sold, or
25 offered for sale by such Settling Defendant prior to the Final Compliance Date.

26 9.3 Provided that a Settling Defendant has complied with Section 7 hereof,
27 compliance with the terms of this Amended Consent Judgment by such Settling Defendant shall
28 constitute compliance with Proposition 65 by such Settling Defendant, its Defendant Releasees,

1 and its Downstream Defendant Releasees with respect to any alleged failure to warn about CrVI
2 in Released Products manufactured, distributed, sold, or offered for sale by such Settling
3 Defendant after the Final Compliance Date, except as to any retailer who fails to provide warning
4 provided to said retailer pursuant to this Amended Consent Judgment in a manner consistent with
5 the requirements of this Amended Consent Judgment.

21 force or effect and shall not be introduced into evidence or otherwise used in any proceeding for
22 any purpose.

23 **12. GOVERNING LAW AND CONSTRUCTION**

24 12.1 The terms of this Amended Consent Judgment shall be governed by the laws of the
25 State of California.

2 Settling Defendant(s) subject to or opposing said motion, application, or other proceeding.
3 Should a Settling Defendant prevail on any motion, application for an order to show cause, or
4 other proceeding related to this Amended Consent Judgment, the Settling Defendant may be
5 awarded its reasonable attorneys' fees and costs as a result of such motion, application, or other
6 proceeding upon a finding by the Court that CEH's prosecution of the motion, application, or
7 other proceeding lacked substantial justification.

8 13.2 Nothing in this Section 13 shall preclude a Party from seeking an award of
9 sanctions pursuant to law.

10 **14. ENTIRE AGREEMENT**

11 14.1 This Amended Consent Judgment contains the sole and entire agreement and

18 oral or otherwise, shall be deemed to exist or to bind any of the Parties hereto. Any agreements
19 specifically contained or referenced herein, oral or otherwise, shall be deemed to exist or to bind
20 any of the Parties hereto only to the extent that they are expressly incorporated herein. No waiver
21 of any of the provisions of this Amended Consent Judgment shall be deemed or shall constitute a
22 waiver of any of the other provisions hereof whether or not similar, nor shall such waiver
23 constitute a continuing waiver.

24 **15. RETENTION OF JURISDICTION**

25 15.1 This Court shall retain jurisdiction of this matter to implement or modify the
26 Amended Consent Judgment.
27
28

1 **16. SUCCESSORS AND ASSIGNS**

8 to enter into and execute the Amended Consent Judgment on behalf of the Party represented and
9 to legally bind that Party.

10 **18. EFFECT ON OTHER SETTLEMENTS**

11 18.1 Nothing in this Amended Consent Judgment shall preclude CEH from resolving
12 any claim against an entity that is not a Settling Defendant on terms that are different from those
13 contained in this Amended Consent Judgment.

14 18.2 The entry and approval of this Amended Consent Judgment shall be deemed a
15 “Reformulation Event” as such term is used in previous Consent Judgments entered by this Court
16 in these Actions.

17 **19. EXECUTION IN COUNTERPARTS**

Tannery Certification

**EXHIBIT B
TANNERY CERTIFICATION**

Tannery Name: _____

Address: _____

I certify as follows:

All chrome-tanned leather produced by the tannery after the date of this certification will be tanned consistent with the Reformulation Protocol attached as Exhibit C to the Consent Judgment in *Center for Environmental Health v. Bali Leathers, Inc., et al.*, Lead Case No. RG19029736 (consolidated with *Center for Environmental Health v. Tommy Baham Group, Inc., et al.*, Case No. RG 19-034870), for purposes of establishing good manufacturing practices and measures for chrome-tanned or chrome-retanned leather in order to eliminate or minimize the presence and potential formation of hexavalent chromium (CrVI) in such leather intended for footwear and glove products sold in California. Specifically, the tannery will comply with the Reformulation Protocol to eliminate or minimize the formation of hexavalent chromium in chrome-tanned or chrome-retanned leather and shall provide transport and storage instructions specifying recommended temperature, humidity, and light conditions sufficient to maintain physical and chemical properties of the leather relevant to CrVI formation.

The tannery will retain records demonstrating compliance with the Reformulation Protocol for a period of at least five years and provide such records on written request by any customer.

EXHIBIT C
Reformulation Protocols

**LEATHER TANNING/FINISHING PROTOCOL
FOR COMPLIANCE WITH PROPOSITION 65 REQUIREMENTS TO
MINIMIZE POTENTIAL FORMATION OF HEXAVALENT CHROMIUM**

Background: For purposes of compliance with Proposition 65, the following Protocol is intended to establish good manufacturing practices and measures for chrome-tanned or chrome-retanned leather in order to eliminate or minimize the presence and potential formation of hexavalent chromium (CrVI) in such leather intended for footwear and glove products sold in California. Settling Defendants shall be required to comply with the terms of the Protocol prior to manufacturing or processing leather footwear/gloves for sale in California or to require compliance with the Protocol by third party manufacturers and suppliers of leather intended for such products.

Certification with overall Gold rating under the Leather Working Group (LWG) Audit Protocol shall be considered in assessing compliance with this Protocol. For companies attaining a lower overall LWG medal rating, compliance assessment also shall consider attainment of Gold rating in the sections of the LWG Protocol relating to Restricted Substances Lists and Chemical Management (currently Section 9 “Restricted Substances, Compliance, Chromium VI Management” and Section 16 “Chemical Management” of Issue 7.2.2 of the LWG Protocol).

Leather Tanning/Finishing Protocol

The following protocol for chrome-tanners/retanners identifies good manufacturing practices recognized by the leather tanning industry to eliminate or minimize the formation of hexavalent chromium in chrome-tanned or chrome re-tanned leather. Tannery shall provide transport and storage instructions specifying recommended temperature, humidity, and light conditions sufficient to maintain physical and chemical properties of the leather relevant to CrVI formation.

Upon written agreement of the Parties, this Protocol may be re-evaluated and revised appropriately to reflect advances in technology and production processes. Unless otherwise noted, references to test methods, detection limits, and other standards are to the version in place as of adoption of this Protocol.

1. Process Stage: Beamhouse

- 1.1. ***Degreasing:*** Thorough degreasing processes must be employed to reduce the presence of natural fats that can diminish leather quality and potentially contribute to CrVI formation.
 - 1.1.1. Perform thorough and consistent degreasing during beamhouse operations involving sheepskin, pigskin, and other high-fat content hides (*i.e.*, fat content over 3% dry weight basis). These materials can be very greasy and may require a specific, separate degreasing operation to reduce the fat content.
 - 1.1.2. Processing of bovine hides should include the use of surfactants to ensure fat content less than 3% dry weight basis.
 - 1.1.3. Use of halogenated organic degreasing agents is prohibited.
 - 1.1.4. Use only aqueous degreasing agents.

- 1.1.5. Do not use products with oxidative potential.
- 1.1.6. If bleaching is required (under exceptional circumstances to reduce natural skin pigmentation when producing very pale leather), products with oxidative potential may be necessary. If used, the process should incorporate iodine-starch paper for each batch of leather being processed to check oxidative potential and, if necessary, use reducing agent prior to addition of chromium in tanning stage.
- 1.1.7. Wash limed hides/pelts properly after liming and decalcifying.

2. **Process Stage: Tanning/Wet Blue**

- 2.1. **Tanning Agents**: Chromium-containing tanning agents must not contain intentionally added or detectable levels¹ of CrVI.
 - 2.1.1. Obtain from chemical supplier test reports for each supplier production batch conducted pursuant to ISO 19071 for CrVI in chromium tanning agents demonstrating detectable levels of CrVI no higher than the levels specified in the most current version of the ZDHC Manufacturing Restricted Substances List (“MRSL”)² (as analyzed by the test method specified therein).
 - 2.1.2. Maintain inventory control to ensure quality of tanning agents at time of use. Use of tanning/retanning agents past their “use by” date is prohibited.
 - 2.1.3. Tanning process vessels and associated make-up and delivery systems to be thoroughly cleaned and maintained using best practices.
 - 2.1.4. Water used during the tanning process and to clean apparatus, tubs, tools, and other equipment must have undetectable levels of CrVI.
 - 2.1.4.1. Recycled water must be tested regularly (at least annually) and verified as having undetectable levels of CrVI; water received directly from municipal or permitted wells does not require repeat verification of CrVI levels but should be analyzed to confirm absence of CrVI.
 - 2.1.5. Storage conditions must be maintained in accordance with chemical supplier instructions. Storage of chemicals outside of manufacturer recommendations is prohibited, unless representative samples of the chemicals are tested to confirm undetectable levels of CrVI no later than one month prior to use. ISO 19071 or other CrVI test methods appropriate to the chemical shall be employed.
 - 2.1.6. Final wash must be employed to remove unfixed chrome to the extent feasible.
 - 2.1.7. Use of chromium tanning agents recycled by the tannery is prohibited unless tested regularly (at least annually) to confirm undetectable CrVI via ISO 19071.
- 2.2. **Use of Oxidizing Agents**: The use of oxidizing agents such as sodium chlorite (or hypochlorite) in the pickle, or of potassium permanganate in pre-tanning wet-end operations, increases the risk of the formation of CrVI.

¹ The terms “detectable/undetectable levels” of CrVI shall be defined by the relevant test method appropriate for the chemical.

² The ZDHC MRSL is the minimum standard for the CrVI standard in this Protocol. Reference to other CrVI limits from other MRSLs may be used if they meet or exceed the stringency of the ZDHC standard. The current version of the ZDHC MRSL is v.3.1 and can be found at: <https://mrsl-30.roadmaptozero.com/mrslpdf?for=Consultancy>. All references to the ZDHC MRSL in this Protocol refer to the then most current version of the ZDHC MRSL. This note applies to all references to ZDHC in this Protocol.

- 2.2.1. Oxidizing agents may only be used if they can be shown to be absolutely necessary (*e.g.*, for white or pastel shades) and if the residuals are reduced prior to the addition of chrome tanning agents. Starch-iodide test papers (must show no color development) or Oxidation-Reduction Potential (“ORP”) measurement (must show a negative reading indicating a reducing agent) shall be used to confirm lack of oxidative potential.
- 2.3. Measure and monitor levels of residual natural fats in wet blue leather. Bovine leather shall contain no more than 3% residual fat as measured below. Pigskin leather shall contain no more than 7% residual fat, as measured below. Other leather (*e.g.*, sheep, goat, *etc.*) shall contain no more than 4% fat, as measured below.
 - 2.3.1. Monitoring must indicate an average grease content of less than 3% (bovine) or 4% (other) by weekly analysis or per 30 batches of production, whichever is the more frequent. For pigskin, monitoring must indicate an average grease content of less than 7% by monthly analysis or per 30 batches of production, whichever is the more frequent. (A “batch” is a production drum load or a group of hides/skins that are processed together as a unit.)
 - 2.3.2. Alternatively, the wet blue leather must have a maximum of 0.5% of Free Fatty Acids (using test method ISO 4048:2018)
- 2.4. If wet blue is used as a starting material: Wet blue bought from other suppliers must be shown to be free of CrVI (using the ISO 17075-2 test method after ageing procedure) and to have fat content less than 3% (bovine), 7% (pigskin), or 4% (other). For pigskin with fat content over 4%, additional degreasing shall be performed before or during the retan stage to reduce fat content below 4%.

3. **Process Stage: Retanning/Wet End/Finishing**

- 3.1. **Retanning Agents**: Optimization of chrome fixation is critical to reduce extractable chrome levels and the potential for CrVI formation.
 - 3.1.1. Use of oxidizing agents (such as ammonia-based chemicals/bleach) after chrome tanning is prohibited.
 - 3.1.2. Confirm selection of appropriate retanning agents for binding behavior and/or use of complexing agents. Maintain documentation.
 - 3.1.3. Chromium-containing retanning agents must not contain intentionally added or detectable levels of CrVI higher than the levels specified in the ZDHC MRSL.
 - 3.1.4. Obtain from chemical supplier test reports conducted pursuant to ISO 19071 demonstrating undetectable levels of CrVI.
 - 3.1.5. Maintain inventory control to ensure quality of retanning agents at time of use. Use of retanning agents past their “use by” date is prohibited.
- 3.2. Retanning process vessels and associated make-up and delivery systems to be thoroughly cleaned and maintained using best practices.
- 3.3. Water used during retanning process and to clean apparatus, tubs, tools, and other equipment must have undetectable levels of CrVI. Recycled water must be tested

regularly (at least annually) and verified as having undetectable levels of CrVI; water received directly from municipal or permitted wells does not require repeat verification of CrVI levels but should be analyzed to confirm absence of CrVI.

- 3.4. Storage conditions must be maintained in accordance with chemical supplier instructions. Storage of chemicals outside of manufacturer recommendations is prohibited, unless representative samples of the chemicals are tested to confirm undetectable levels of CrVI no later than one month prior to use. ISO 19071 or other CrVI test methods appropriate to the chemical shall be employed.
- 3.5. Final wash must be employed to remove unfixed chrome to the extent feasible.
- 3.6. Use of chromium retanning agents recycled by the tannery is prohibited unless tested regularly (at least annually) to confirm undetectable CrVI via ISO 19071.
- 3.7. Use scavenging agents, such as 1%-3% vegetable tanning extracts, for antioxidant protection, or use commercially-available synthetic antioxidants specifically formulated for the purpose and according to manufacturer specifications. (Antioxidants may be introduced directly or as part of the retanning agent formulation.)
 - 3.7.1. Add antioxidants during retanning process to enable longer-lasting antioxidant efficacy. Use of only spray-on antioxidants is prohibited.
- 3.8. Dyes and Pigments:
 - 3.8.1. Dye and pigments must not contain intentionally added or detectable levels of CrVI.
 - 3.8.2. Obtain from chemical supplier test reports conducted pursuant to ISO or EPA test method for CrVI demonstrating undetectable levels of CrVI.
 - 3.8.3. Obtain from chemical supplier certification that dyes or pigments lack oxidative potential (through ORP measurement showing a negative reading indicating a reducing agent or other appropriate method).
 - 3.8.4. If chromium-containing dyes or pigments are used, final product must be tested annually (or sooner if there is a change in formula) to confirm levels of CrVI below detection limit. Test using ISO 17075-2.
 - 3.8.5. Use of dyes and pigments must be compliant with the ZDHC MRSL.
- 3.9. Bleaches:
 - 3.9.1. Use of aggressive bleaches, peroxides, and potassium permanganate (KMnO₄) as bleaching agents after tanning is prohibited.
- 3.10. Fatliquors: Fatliquors must be suitably formulated with an appropriate antioxidant to protect against CrVI formation. Fish and vegetable oils in particular must be formulated with an appropriate antioxidant to protect against CrVI formation. Do not use fatliquors without having first obtained from the supplier a statement confirming that fatliquors are formulated with an appropriate antioxidant.

- 3.11. Inventory control must be maintained to ensure quality of fatliquors at time of use and that all fatliquors are used prior to “use by” dates.
- 3.12. Chemical storage conditions must be maintained in accordance with chemical supplier instructions to avoid fatliquor breakdown. Storage in conditions outside of manufacturer recommendations is prohibited, unless representative samples of the chemicals are tested to confirm the absence of oxidative potential no later than one month prior to use. Starch-iodide test papers (must show no color development) or ORP measurement (must show a negative reading indicating a reducing agent) shall be used to confirm lack of oxidative potential.
4. **Finishing Oils/Waxes:** Oils and wax finishes containing a high level of unsaturated fats are more likely associated with CrVI formation.
 - 4.1. Obtain from supplier a statement confirming that finishing oils and waxes are suitable for use and do not contribute to CrVI formation (such as by indicating compliance with ZDHC MRSL specifications).
5. **pH Levels:** Careful monitoring of pH through the entire set of tanning, retanning, fatliquoring, and dyeing process stages is critical to the avoidance of CrVI in the finished leather product. The potential for formation of CrVI increases at higher pH. While the neutralization process during wet end retanning will raise pH, this will be reversed during subsequent acidification and fixation.
 - 5.1. The pH must be maintained below 4.0 in the final bath (fixation) of the re-tanning process to ensure entire cross-section of leather is at acidic pH. Maintain documentation of final pH.
 - 5.2. Acidification at the end of wet end processing should be done in a steady manner with 2-3 additions of acid.
 - 5.3. Allow sufficient time to ensure complete acid penetration, depending on thickness and other processing conditions.
 - 5.4. The pH through the entire leather cross-section must be consistently below 4.5 in finished leather. Document final pH of leather determined during research and development. Conduct random audit sampling to ensure pH of final leather product is below 4.5 and maintain documentation.
6. **Final Wash:** Final wash must be employed to remove unfixed chrome. The pH of wash waters may need to be adjusted (lowered) to avoid localized, surface raising of pH.
 - 6.1. Drying: Solar irradiation is prohibited during drying of the leather.

7. **Mold:**

- 7.1. Use of ammonia to prevent mold formation is prohibited. If a fungicide is to be used to prevent mold formation a declaration should be obtained from the manufacturer to confirm that its use will not contribute to the potential formation of CrVI.

8. **Process Stage: Storage and Transportation**

- 8.1. Storage and transportation conditions must be monitored to maintain temperature, humidity, and light exposure to reduce the possibility of CrVI formation. Tannery shall provide storage instructions specifying recommended temperature, humidity, and light conditions sufficient to maintain physical and chemical properties of the leather.

9. **Good Manufacturing and Quality Control Standards**

- 9.1. The following quality assurance procedures must be implemented in order to ensure the prevention of CrVI formation throughout the entire production process:
- 9.1.1. Ensure cleanliness and good organization within the entire production facility.
 - 9.1.2. Storage conditions must be regularly checked to ensure that chemical degradation does not occur.
 - 9.1.3. Inventory control (received date, use by date, supplier, batch number, stores location, *etc.*) must be undertaken to ensure that chemicals are not used past their use-by date.
 - 9.1.4. Train employees in the safe use of chemicals and the correct make-up and application procedures for their use in each stage of the process. Educate workers about the potential for formation of CrVI, its potential for harm in the final product, and their role in ensuring process recipes are followed in order to ensure manufacture of a safe product. Ensure that all safety data sheets are current and available for each chemical, and that employees have been trained to properly handle and store the chemicals. Maintain written chemical management policy.
 - 9.1.5. All process steps must be documented, including the chemicals used in order to ensure transparency in the manufacturing or processing procedure.
 - 9.1.6. Ensure that the products which you use to degrease, tan, dye, or retan the leather do not contain intentionally added or detectable levels of CrVI higher than the levels specified in the ZDHC MRSL and have low oxidation potential. Obtain from chemical supplier a statement confirming that chemicals are suitable for use and do not contribute to CrVI formation or have oxidative potential. If stored outside of supplier recommendations or past “use by” dates, use iodine-starch paper or ORP measurement to check oxidative potential and if necessary use reducing agent prior to use.
 - 9.1.7. Use of chemicals which contain intentionally added CrVI or which the manufacturer cannot guarantee as having detectable levels of CrVI no higher than the levels specified in the ZDHC MRSL is prohibited.
 - 9.1.8. Maintain detailed internal quality control records.
 - 9.1.9. Testing: Annually test representative samples of finished leather for CrVI. Refer to AFIRM Restricted Substances List (available at <https://afirm-group.com/wp->

content/uploads/2023/04/2023_AFIRM_RSL_2023_0419a.pdf) for recommended testing method.

The undersigned company understands that, in order to participate in the settlement, it must return:

- (1) this signed Notice of Intent form;
- (2) the attached Exhibit 1, fully completed with all the information requested;
- (3) the signed signature page attached as Exhibit 2, which will be inserted into the Amended Consent Judgment; and
- (4) the payment required under Section 7 and Exhibit A of the Amended Consent Judgment, as explained in the “Payment” section of the attached Exhibit 1.

If our company has **not** already been named as a defendant in the pending *Tommy Bahama* or *Bali Leathers* actions, we understand that we must additionally submit:

Type or print exact corporate name of Opt-In Settling Defendant.

Covered Products

Pursuant to Section 3.3 and Exhibit A, the Amended Consent Judgment will include the following as “Covered Products” (choose the type or types of Covered Products to which the Amended Consent Judgment will apply – note the associated payments below):

_____ Footwear for which normal and foreseeable use will result in one or more Chrome-Tanned Leather components coming into direct contact with the skin of the average user’s foot or leg while the footwear is worn (e.g., a Chrome-Tanned Leather insole, tongue, liner, unlined upper, or strap)

_____ Gloves for which normal and foreseeable use will result in one or more Chrome-Tanned Leather components coming into direct contact with the skin of the average user’s hand while the gloves are worn (e.g., an unlined glove, or one that is lined with Chrome-Tanned Leather)

“Chrome-Tanned Leather” means leather tanned with chromium compounds, other than leather that is made from hides of exotic animals such as alligators, crocodiles, sharks, lizards, snakes, and ostriches.

The type(s) of “Covered Products” selected above will determine the pending action(s) to which the Opt-In Settling Defendant will be added as a party, if it is not already a party. Footwear claims will be resolved in the action captioned as *Center for Environmental Health v. Tommy Bahama Group, Inc., et al.*, Alameda Superior Court Case No. RG19034870. Gloves claims will be resolved in the action captioned as *Center for Environmental Health v. Bali Leathers, Inc., et al.*, Alameda Superior Court Case No. RG19029736. If both Footwear and Gloves are selected above, the Opt-In Settling Defendant will be added as a party to both actions.

Payment

As set forth in the chart below, the payment required varies depending on (a) the number of type of Covered Products selected above (e.g., Footwear, Gloves, or both), (b) the number of units of Covered Products (i.e., a pair of gloves or footwear) of any selected type that the Opt-In Settling Defendant knows or has reason to believe were ultimately offered for sale or sold to California consumers, and (c) whether the Opt-In Settling Defendant must pay an initial appearance fee:

Tier	Unit Sales	Payment			
		1 Product Type	1 Product Type, Plus Appearance Fee (\$435)	2 Product Types	2 Product Types, Plus Appearance Fees (\$870)
1	More than 99,999	\$85,000	\$85,435	\$100,000	\$100,870
2	50,000 - 99,999	\$80,000	\$80,435	\$95,000	\$95,870
3	10,000 - 49,999	\$75,000	\$75,435	\$90,000	\$90,870
4	500 - 9,999	\$65,000	\$65,435	\$80,000	\$80,870
5	Fewer than 500	\$45,000	\$45,435	\$60,000	\$60,870

The “Unit Sales” amount is determined by (1) if available, the Settling Defendant’s California unit sales of Covered Products from July 1, 2022 to June 30, 2023; or (2) if not, the Settling Defendant’s California unit sales of Covered Products during the entire 2022 calendar year.

For entities that are not already parties to the pending *Tommy Bahama* (Footwear) or *Bali Leathers* (Gloves) actions, an additional payment is required to cover a Court-imposed appearance fee of **\$435 per case** to which the Opt-In Settling Defendant will be added. Thus, if both Footwear and Gloves are selected above, the Opt-In Settling Defendant must pay a total of \$870 to cover the requisite appearance fee.
